

<p>What is the purpose of this creator? <i>(Describe the creator's role in society or their purpose)</i></p> <p>What is the purpose of the source?</p>	<p>The purpose is to showcase a Native Police Encampment.</p> <p>To provide evidence to their commanders the image was addressed to England 35th Swanton St that they were settling 'peacefully' in Australia and that all was going well in the new country.</p>
<p><u>Explicit meaning</u> Describe the source <i>(i.e. What do you see, what is it saying?)</i></p>	<p>I believe that the source is an illustration of what the ANPF camp looked like. This is because you see Indigenous workers in European outfits building a camp and the non-ANPF wouldn't have access to equipment of that quality.</p>
<p><u>Implicit meaning</u> What can be inferred from the source? <i>(i.e. hidden meaning)</i></p>	<p>I also believe that it was a letter either from Cyrus Mason to his commander who lives in England on the 35th Swanton St or Cyrus Mason is the commander it was being sent to. Which can be read in the little writing in the bottom middle part of the picture. In the source you see ANPF workers setting up, taking down, or staying at a camping site. It could be hypothesised that the ANPF are hunting down other Indigenous people as studies have shown that that is what their main job was. This backs up and relates to source 1 showing members of the ANPF with horses and guns in what seems to be an after-battle scene.</p>
<p>Evaluation</p>	
<p><u>Reliability</u> How trustworthy is the source?</p>	<p>This source is semi-trustworthy as it is a primary source but it was created by a British settler who would've been wanting his commander to believe all is going well. One of them looks to be tracking something, maybe another Aboriginal?</p>
<p><u>Usefulness</u> How does this source assist you in answering the sub question?</p>	<p>It is a useful source as we see how the ANPF camped and what they did when at camp.</p>
